

Hey CTK!

What's **Blue** and **Green** and incredibly powerful? The **CtK Jag** you say? I'd agree.

But imagine if you could use the **strength of over 1600 to CRUSH** waste production and clear the way for a better world?

Those JAGS are YOU!

Each student, teacher, administrator, educational assistant, secretary, commissionaire, counselor, and coach – has the power, **EVERYDAY**, to choose to **change their environment**.

The time has arrived CtK for you to SHOW WASTE ITS PLACE!

DECIMATE the waste heading to the landfill!

OWN the blue bins as you top them with recyclables!

TRIUMPH over organic and compostable materials as you stuff the **green bins**!

SHOW YOUR PRIDE AND SPIRIT outside CtK as you watch the size and number of the garbage bins dwindle to nothingness and we are left with a **sea of blue bins** and a **landscape of green bins** beside the café.

DO YOU PART – USE THE GREENCART! GO JAGS!
