

Christ The King: Senior Update

Students Must Consider All Options For The Future

It is your job to:

- Check presentation dates and times
- Invite your parents/guardian for presentations
- Attend any trips and seminars available to you via student services
- Keep a record of important dates
- Be sure to have your community service hours completed
- Know your counsellor:
A-L—Favero
M-Z—Morrison

Students at CtK will use the information shared with them by numerous college and university liaison officers who plan to come to present at CtK. As well, school to work options will be discussed via the Ontario Youth Apprenticeship Program

Key items that will influence student decision making are:

- Programs Offered
- Prerequisites and Number of Applicants vs. Spaces
- Marketable Skills
- Length of Program
- Tuition and Residence Costs
- Extra-Curricular Opportunities

- Co-op or apprenticeship opportunities
- Size of College or University

Students may choose to attend the Universities' Fair at the Metro Toronto Convention Centre, on September 30.

The college fair will take place on October 17, 2005.

Students may also wish to attend the Fall Career Fair, (date TBA). All of the colleges and universities reinforce the importance of achieving high marks in the senior year, and stress the importance of filling out all profile/student involvement forms that many programs require.

It is a tough decision to make, (and an expensive

KNOWLEDGE IS POWER

one), so students should take the time to ensure that the decision they make is right for them.
